Welcome to Sugarbabes International

(British owned and managed for 10 years)

We are pleased to introduce, on her tour to London.

*** Naomi ***

Available in London 1st - 5th August

Naomi is a true English Rose, this young gorgeous busty blonde has a sweet and inviting nature that is just a pleasure to be around, add to that her gym fit, very toned figure and blue eyes that you could fall into and you truly have a date to remember.

But dont let those angel looks fool you, this girl can also be a devil!

Naomi likes to indulge in Fetish Role Play so let her know what you want on your date.

This is Naomis first trip to London and we think she is going to be very popular so book early to save any disappointment.
