در باره من:

Sassy, sexy and sooooo much fun, AKI this 24-year-old sex kitty is our resident wild child and loves to mix it up and dance til dawn. When asked AKI what her favorite fantasy was and she whispered something about silk and leather... Hmmm, wonder what she could be thinking? AKI is 1.63m, 48.3k with long light brown hair, black eyes and a medium build. She's excellent at putting people at ease and is perfect for new clients as well as the more adventurous sort – especially those into silk or leather – or both. Call for your next fantasy session
