Rólam:

my name is Alice and I am an Independent escort and travel companion living in Milan. As you can see I'm petite, toned and tanned with a gym fit body and silky smooth skin. I'm slim and the proud owner of soft and wonderfully sensitive breasts which are all my own... What you can't see until you meet me (sorry) is my face ... believe me, I have a very pretty face with big expressive eyes. I have positive and forward thinking attitude to 'the Industry' and the friends I meet... I take having fun very seriously, I believe in having a great time and with a libido like mine... As well as being an exceedingly naughty little lady - I would describe myself as warm, attentive, affectionate and open-minded. I will listen to your wishes/desires/fantasies or fears without prejudice. I am a privately educated woman of the world, I have travelled extensively and so far led a diverse and interesting life ...
