About Me:

Thanks to it a person can be anyone he wants to be and with anyone. To be a romantic personality a party girl another day, or to be a classy elegant woman . That diversity and the feeling that each time you get to experience something new and fascinating is exciting. From new delights such as traditional local food, sights, people, all the way to the culture and atmosphere. My interests do not of course lie just with travelling, as like every woman I love fashion and everything related to it, I best sweat out my good mood at a fitness center or when horse riding. I find a healthy lifestyle and the keeping of weight that goes along with it important. Spending an entire day at the spa center and just relax or putting on trekking shoes and strolling in the mountains is absolutely no problem.
