About Me:

Clarice is one of our historic escorts; she is with us since day one and customers love her. Clarice is a woman with a great deal of experience in sex and can make a man happy in just a few seconds.

Clarice is a woman who likes to be dominated in bed, and she appreciates a lot when the man takes the initiative and begins to choose positions and have sex at a breakneck pace. She reaches the pinnacle of lust and pleasure when the client starts having sex with a long doggy style, and Clarice wants that position to be the one leading man to the final orgasm. Clarice loves long and intense sex, for her the minimum time to have a couple of orgasms is one hour, and she is not afraid to be with an all night long man.

For our escort there is only one priority: reach the height of pleasure and total orgasm on every occasion.
