Sobre mim:

She believes that life is there to be taken and wholly taken.

She is all about experience and will anything once, usually twice, even if she didn't like it the first time around.

You are never bored around Angelica and she will grab you and take you where she wants you to be. She takes all those moments in the past that you regret and turns them into positive energy for the future.

She is amazing and wonderful and she could be yours for an hour, maybe more.
