Monica is a French Birmingham escort of true excellence, she is a classy sassy young lady with a sleek beautifully contoured slim shapely figure. With very little imagination you could picture her as being a Parisian model or being one of the more chic mademoiselles strolling up the Champs Elysees. She certainly looks impressive walking down even the most fashionable streets of Birmingham. Though the city does have some wide boulevards with a continental feel to them where French escort Monica looks very much at home. This young lady really does have panache, dressing in the most fashionable of apparel. She exudes sexiness from top to bottom, not forgetting her perfect English with a soft sensuous accent resonating its seductive tones. She is such a polished young courtesan of unique quality and distinction. Don't be fooled, she is by no means a standoffish prude. Monica is a French escort who is warm and radiant with a smouldering passion coming from within. Gentlemen who are out with her certainly get that feel good factor as she makes them feel a warm glow running through their bodies. When with exquisite French escort Monica, there is always an urge to whisk her off to the bedroom for a session of mad passionate lovemaking. She has that lustful effect on all men she meets.
